

**Dear Member of Parliament,**

I am a constituent from (city, province/territory/riding) \_\_\_\_\_,  
and I am concerned about climate change. I'm particularly concerned about \_\_\_\_\_

I respectfully ask that improvements be made to Canada's national carbon pricing policy as outlined in the 2018 [Greenhouse Gas Pollution Pricing Act](#).

- That the carbon price is economy-wide and is applied upstream: at the wellhead, coal mine or point of entry into the economy.
- That the national carbon price continues to rise past 2022 so that we can meet or exceed our Paris targets and become a world leader in tackling the climate crisis and in the cleantech industry.
- That the federal government ensure that provincial carbon pricing systems include provisions to protect low and middle-income Canadians from price shocks as we transition to clean energy. For example, the federal government could propose carbon fee and dividend as a model policy.
- That the federal government, as promised in the 2015 Liberal election platform, end financial subsidies to fossil fuel companies.
- Other \_\_\_\_\_
