

Roses are red.  
Violets are blue.  
We are changing the climate  
What are we to do?

Let's even the playing field  
And give clean tech a chance  
Put a price on carbon  
And end the pro oil sands rants.

Let the free market not Ottawa  
Pick which technology will win.  
Don't burden the taxpayer  
Enact Carbon Fee and Dividend.
